

1LINKsm FEATURES

The 1Link system platform is convenient and user-friendly, offering the latest technology, flexibility, real-time postings for all reporting functions, and Transaction Processing functionality. Its streamlined navigation gives the system a clean and modern look.

Administrative and Information Reporting Features:

- Gain added flexibility and user control – The dashboard feature allows you to personalize 1Link and tailor it to your needs
 - » Get easy access to your financial information by adding widgets (mini applications) to your dashboard
 - » Set and reset your own password and alerts in the Preferences menu
 - » View online tutorials and help at your convenience
- Get Dynamic Reporting – Reports are customizable and real-time info gives you up-to-the-minute data
 - » Prior and Current Day Balances screens give you the ability to filter, reorder, and perform calculations on the columns, as well as change the font colors and styles
 - » Schedule automatic delivery of information to yourself and others in your institution via email
- Schedule Alerts – Receive information on some event that has occurred or a trigger for something you may need to do, such as approve a transaction

Safekeeping Features:

- Review your entire Safekeeping Holdings portfolio — including pledged securities
- Initiate transactions from your Safekeeping Holdings List
- Import Safekeeping trades from Excel directly into 1Link, allowing the processing of multiple transactions at the same time
- Input multiple Safekeeping trades to be processed per transaction type

Funds Transfer Features:

- Import Wire transactions from Excel directly into 1Link, allowing the processing of multiple wires at the same time
- Export wire transaction detail to assist in the processing of your OFAC files
- Process book wires to internal FHLBNY accounts

As a reminder, our 1Link Wire Transfer window closes everyday at 4:00 pm.

Advances Features:

- Initiate short-term, forward-start advances
- See your entire Outstanding Advances Portfolio in real-time
- Request real-time rate indications on advance products, where applicable

You can create the following Advance transactions through 1Link:

Type	Term
Overnight	1 Day
Short-Term Fixed	1 Week to 11 Months <i>(Other user-defined maturity, but not greater than 330 days)</i>
Repo	1 Week to 6 Months <i>(Other user-defined maturity, but not greater than 180 days)</i>
Repo	Over 6 Months to 11 Months <i>(\$25 million per transaction limit until noon)</i>
COMING SOON Longer Terms on Repo and Fixed	Repo: Over 11 Months to 5 Years Fixed: 1 to 5 Years <i>(\$25 million per transaction limit until noon)</i>

The FHLBNY may periodically offer additional Advance products.

Need help getting around 1Link? No problem.

Interactive online tutorials are available on 1Link to guide you every step of the way. After you log on, click on the "Tools" link on the upper right-hand side of the screen. Questions? Contact the 1Link Helpdesk at (800) 546-5101 or via email at 1linkhelpdesk@fhlbny.com.
